We are constantly looking to enhance the capacity of our products as well as expand our existing range in order to retain and augment our position and offer our customers world class service and timely delivery of products

Special Choice located in Dubai, UAE, the business hub of the Gulf region, has built an enviable standing in the supplies of the following material Carbon Steel, Stainless Steel, Galvanized/Malleable Iron and Bronze material to the Marine, Offshore, Oilfield, Gas, Pipelines, Electromechanical, Fire Fighting, Contracting, Construction & Engineering Industries and more...

We believe that the value is not only in the details of the product being supplied, but also in the Quality Process as well. It is our goal to develop long term client relationships and market alliances and enrich our customers with prompt and efficient customer service.

QUALITY CONTROL

Quality means working with customers to define the real requirements for a material and then meeting these requirements reliably, timely and economically. More than just meeting the technical requirements for materials, quality is a goal in personal relationships, accurate and efficient documentation, on-time performance, and effective follow-up. We pursue a total quality management program that includes meeting ISO 9001 requirements at each and every operating unit of the company.

Quality Policy of our company is to:

- Meet customer requirements to a better satisfaction than their expectations by supplying customized products along with necessary supporting documents.
- Excel in all areas of operations by implementing quality work procedures and instructions and are updated, developed through continuous improvement.
- Ensure commitment to comply with requirements and continually improving the effectiveness of Quality Management System.
- Provide a framework for establishing and reviewing quality objectives.
- Enhance morale of employees to deliver their best results for the betterment of organization.
